MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Dr. Brzezinski,
12 October 1978

1. Proposed [] We both agreed that
I would take this up with the State Department next. Brzezinski basically
agrees, subject to hearing their views.

3. I reemphasized the importance of getting an agreed statement from the Soviets on telemetry and said that we ought to add this to the agenda for today's SCC meeting.

4. I described our actions with the Attorney General on the Kampiles case and said that we could hold off any more decisions on releasing the manual in the court until the Attorney General had explored the situation with the Judge.

10. [redacted] He didn't have any particular questions on this.

11. I didn't get to talk about the Brzezinski trip. We were in a big hurry.

12. I talked about the \$25 million added to the NRP budget by the Congress. I said I thought we were going to have real trouble with OMB. He indicated he thought they were beginning to come around. I said I frankly didn't think that either OMB or the President appreciated the depth of feeling in the Senate Select Committee on SALT verification.

13. I didn't raise the one about the SSCI committee. I don't think it is necessary.

14. I didn't have time to raise the Polish economy--leave it in.

15. I didn't have time to raise the Military NITs.

18. I didn't get to take up the Navy ones. I'm not sure, Jay, why I want to take up the surface ship vulnerability or what point you want me to make on it.

19. We'll let the watch movements go by the normal channels.

20. I didn't get to take up the [redacted] tasking item.
